Mr. Watson will sail for Bremen on his official mission soon.

Mr. Heyward, who is prevented from accompanying him by the serious illnes of his wife, will join Mr. Watson later. P. H. Gadsden, representing the mayor and commercial interests of Charleston, will accompany Mr. Watson.

The South Carolinans express the opinion that it will not be necessary to resort to the expedient of assisting immigrants to come south to the extent of more than three or four ship loads. After the line to Charleston is permanently established there, and the immigration station authorized by the last congress established, they say immigration will drift to Charleston just as naturally as it does to the northern ports, and be distributed to the states further south.

Tuesday night the president held a conference with Attorney General Bonaparte, Secretary Strauss, labor leaders and southern men interested in the immigration question.

Will Be Watched with Interest.

Washington, March 13.—A goodly number of American naval officials will witch with interest the entry into Hampton Roads May 8 next, of the big Japanese armored cruiser, Tsukuga. Their interest is explained by two facts—first, that this ship, with a speed on natural draft of 22 knots, which is better than any of our own cruisers can do, was turned out from a Japanese ship yard by Japanese workmen, who are just beginning naval construction; yet, according to naval experts, the ship is perfect in every detail. Second, that the Tsukuga was under commission and on the high seas within two years from the date her keel was laid down in Japan. No such speed of construction as this has ever been attained in American ship yards.

New Theory of Robbery.

Chicago, March 13.—A new field in the investigation of the sub-treasury robbery is being explored by the federal authorities. It was suggested that some banking institution of Chicago needed a large sum to tide over temporary difficulties and is responsible for the disappearance of the $173,000. The secret service operatives it became known Monday are working on the theory that the sum of money that disappeared from the subtreasury on Feb. 20 was borrowed for a day or two at the instance of a tottering institution by some people which now fears to restore it. Chief Wilkie and Captain Porter would not be surprised, it is asserted, if the missing money was to be restored at once.

Postal Clerks Organizing.

Los Angeles, Cal., March 13.—H. G. Shaugh, the clerk who was suspended by the postoffice department said Monday night that he was preparing a report for submission to the chief clerk regarding the brotherhood of Railway Postal Clerks who run out of Los Angeles. Within the past few days I have received applications from Seattle, Portland, Tacoma and New Orleans, for temporary charters authorizing the formation of branch organizations. These will be issued as soon as we receive our charter from the secretary of state. Mr. Shaugh said the organization would not be disbanded; that the members were not advocates of striking and that they were not attempting to impair the service.

State-Wide Prohibition in Oklahoma.

Guthrie, Okla., March 13.—Statewide prohibition will be submitted as a separate constitutional provision to the people of the new state, the constitutional convention having adopted the proposal Monday by a vote of 69 to 13. State wide prohibition will become a part of the constitution if a majority of the votes cast on the separate issue are in favor of it.

EXPLOSION WRECKS FRENCH BATTLESHIP

Hundreds of Men On Board Were Killed.

POWDER MAGAZINE EXPLODED

It Is Said that the Casualties Number from Two Hundred to Three Hundred, but at This Time Details Are Unobtainable.

Toulon, France, March 13.—A powder magazine on board one of the battleships here said to be the Lena exploded Tuesday owing, it is reported, to the explosion of a compressed air torpedo on the vessel.

It is said that the casualties number from 200 to 300, but, at this time no details are obtainable, and even the identity of the warship is not definitely established.

Later it was definitely established that the explosion took place on the Lena, which was in the Missiessy dock at the time of the disaster.

Squads of sailors and workmen approached the scene of the disaster at the peril of their lives and as they neared the Lena's dock they could plainly observe dense smoke, human remains, flying constantly in the air following further explosions on the doomed vessel, which presented a terrifying spectacle and caused the arsenal employes to wring their hands with horror.

No Statue for John Brown.

Topeka, Kans., March 13.—One of the last acts of the house late Monday night, was the killing of an item in the general appropriation bills of $6,000 providing for the erection of a statue in the hall of fame at Washington of John Brown, of Ossawatomie. A dramatic scene preceded the demise of the appropriation. The item had been introduced by Senator B. P. Waggener, of Atchison, and when he learned that the confererees were threatening to cut it out, he asked the members and employes of the senate to follow him in singing: "John Brown's Body Lies Mouldering in the Grave." A number of senators took up the song, and then Waggener asked them to follow him. At the head of fifty legislators and employes, the Atchison senator led the way first to the house committee room and finally to Governor Hoch's office, singing the song at the top of their voices.

Baseball Man Killed.

St. Louis, March 13.—Patrick J. Hynes, who, two seasons ago, pitched for the St. Louis American league team, and who was signed with Milwaukee for the coming season, was shot in the head and killed in the saloon of Harry V. Grover. Louis W. Richardson, the bartender, was arrested and charged with the killing. Richardson declared he fired in self-defense and W. O. Stansberry, held by the police as a witness, corroborated the statement. Both said the trouble arose over Hynes having ordered some beer and then refused to pay for it. Hynes threw a pretzel bowl at Richardson and then brandished a mop, whereupon Richardson fired. Hynes was 23 years old.

Died at Sea.

St. Louis, March 13.—Word was received here Tuesday that Charles Gordon Knox, secretary of the Louis Commercial club, died at sea on the steamship Prinz Joachim off the South Carolina coast. A wireless message told of his death. In company with other members of the Commercial club, Mr. Knox left St. Louis Feb. 18 for Charleston, S. C., and with Chicago, Cincinnati and Boston Commercial members, embarked on the Prinz Joachim for Panama.

Will Be Electrocuted.

Columbus, O., March 13.—Dr. Olive C. Haugh, the Dayton, O., murderer now in the annex of the Ohio penitentiary, will be electrocuted April 6. The supreme court on Tuesday affirmed the decision of the circuit court and fixed the date on which the murderer will be put to [illegible] killed his father,

EX-PRESIDENT OF FRANCE

Dies of Embolism of the Heart—Will Have National Funeral.

Paris, March 13.—M. Casimir Perier, ex-president of France, died suddenly at 11 o'clock Monday night of embolism of the heart at his residence on the Rue Nitol here.

The news of his death was not heard until Tuesday morning. The ex-president had not been well for two or three days, but it was supposed he was suffering from influenza and no great importance was attached to his indisposition. He was not even confined to his bed, but lunched and dined with his family on Sunday, and was in good spirits.

At about 5 o'clock last evening an abrupt prostration occurred, the ex-president was taken to bed and Dr. Landouzy was called in and the patient was given morphine injections, whereupon he slep tand did not awake until 10 o'clock, when he was terribly weak.

Another severe attack of prostration followed from which M. Casimir Perier did not recover.

In the course of the morninf President Fallieres, Prime Minister Clemenceau and virtually all the members of the aristocracy in Paris, the diplomatic corps, the senators, deputies and the leading officials sent their condolences or signed the register at the late residence of the ex-president.

The cabinet met and decided on a national funeral for the late president, but the family regretfully declined the honor in acordance with the wish of M. Casimir Perier expressed some time ago.

Italian Entry Received.

New York, March 13.—Cortland Field Bishop, president of the Aero Club of America said Monday that one entry has been received from the Italian Aero club for the international balloon race at St. Louis for the Gordon Bennett cup next October. The entrant is Alfred Von Willer. But the entry did not reach the committee until after the closing of the lists on Feb. 1. Word as to whether he is eligible under these circumstances is being awaited from the International Aeronautic Federation under whose auspices the cup is offered. Von Miller was second in the first international race last year.

Wanted to Lynch Robbers.

Chicago, March 13.—A dispatch to The Tribune from Manchester, Iowa, says: The state military was called out early Tuesday to guard two bank robbers arrested for blowing up the bank at Masonville, March 6, from mob violence and Sheriff John Hennessy has asked the governor for more aid. Company D is now on the scene with instruction to shoot. The trouble followed the ousting of the grand jury which declared illegal and which therefore cannot indict the men held. Angry citizens soon formed a mob and are bent on lynching the men.

Well Known Newspaper Man Dead

San Francisco, March 13.—Colonel Henry M. Shaw, formerly a newspaper man and of late years connected with the custom house, is dead, aged 65 years. During the stirring times on the Comstock Lode, Colonel Shaw was editor of the Call, was writer for the Stockton Independent and earlier was on the staff of the New York Sun. Colonel Shaw was a veteran of the civil war and was wounded at Chickamanuga. He afterward served as inspector of rifle practice in New York.

STREET CAR PEOPLE OPEN PARTIAL SERVICE

In Louisville, By the Aid of Strike Breakers

AND PROTECTIO OF POLICE

Disturbances on Tuesday Were Nearer The Business Center of the City and In One Instance a Brick Was Hurled from an Office Window.

Louisville, Ky., March 13.—With the aid of strike breakers and the protection of the police, the Louisville street railway company Tuesday morning opened a partial service on four lines. Between 50 and 75 strike breakers, imported during the night from St. Louis and Cincinnati, were put on the cars and with two or three policemen on each platform, made several trips through the downtown district. Even with the police on board, trouble began early, hold-ups being numerous.

The disturbances were nearer the business center of the city than on Monday and in one instance a brick was thrown into a car from a window in an office building at Fifth and Main streets. The missile struck a St. Louis strike breaker, who was riding as a passenger, injuring him severely. But few passengers rode during the morning evidently preferring to walk in the pouring rain rather than to take chances on the cars.

Cars were brought out during the morning as rapidly as men could be secured to man them, but the strikers claimed that they had won over one-fourth of all strike breakers who had arrived up to 9 a. m.

The suburban service, running to Jefferson, Okalon, Valley Station, Prospect and other Kentucky towns within a distance of 12 miles, was not resumed Tuesday morning.

Great inconvenience has resulted to the three or four thousand persons who came into the city Monday morning and were unable to return home Monday night. The interurban service running to Jeffersonville and New Albany, Ind., is the only service being maintained today with any show of regularity.

Charles Trager, acting as special representative of the second assistant posmaster general, arrived late last night and as result of a conference with the railway management and the postal authorities succeded in having the mail delivered to certain suburban towns by special cars during the early morning. These cars were placarded with a sign four feet square labeled "United States Mail."

Will Cause Price to Advance.

Chicago, March 13.—The general congested condition of railways through the country and resultant shortage of cars, will cause an advance of prices on manufactured products of the American Paper and Pulp Association for 1907 and 1908. This was the result of a meeting of the Eastern and Western members of the association held here Monday. The manufacturers expressed the opinion that the business is now active and prices of manufactured articles firm, the price, and is likely to be advanced because of the scarcity of raw material and existing car shortage. The greatly increased price of production during the last year was also given as a reason for advances.

Will Raise Price of Lumber.

Montgomery, Ala., March 13.—The Alabama Lumber Manufacturers' association was in session here Tuesday for the purpose of considering the business outlook in the yellow pine territory. As a result of the session prices will likely be raised from $1 to $1.50 per thousand.

Will Sing In New York.

New York, March 13.—From private cablegrams received here by friends of Mme. Emma Calve, it was learned that it is likely she will come to New York very soon to sing in the Manhattan Opera house for the remainder of the season under the management of Oscar Hammerstein.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THEY WANTED CIGARETTES.

Parties Broke Into Drug Store and Played Havoc With Cigarettes.

Some party or parties, evidently desirous of stocking up on a sufficient amount of cigarettes to last them a few weeks, forced an entrance into the drug store of Dr. Ayer some time during Tuesday night, and succeeded in getting away with a quantity of cigarettes.

It is a strange fact that the party or parties cared nothing for money or for other wares common to a drug store, but seemed to be determined on cigarettes—and they got them.

The entrance was forced through the rear door. Dr. Ayer good-naturedly admits that he has been robbed, and as good-naturedly admits that if the robber will come to him, pay for the cigarettes and the lock, he will not prosecute the case. This may be a good opportunity for the robber, as Dr. Ayer says he is known, and will be arrested in a day or two, if he does not come up and do the "square thing."

Brunswick Testimonials Questioned.

It may be of interest to the friends of good government in Gainesville to know who the gentlemen are that are commending one of the candidates for Marshal of our city.

L. W. Beach, Ex-Chief of Police of Brunswick, Ga., now runs a barroom on corner of Grant and Glouster streets in that city.

R. Levison, the other gentleman who gave such a glorious testimonial, is also running a barroom at the corner of Monk and Grant streets in the same city. They were put out of office by the Good Government Club

To those who have a sincere interest in Gainesville, the above facts speak volumes, and need no comments.

Sincerely,

A Famous Fiddler.

One of the oldest and most interesting characters of Old Town, LaFayette county, was in the city Monday, having been summoned here on business.

This person was no more nor less than Jordan Cribb of Old Town, who is knowa all over the county as a good fellow, a clever entertainer, and the "best fiddler that ever lived."

Mr. Cribbs is more familiarly known in LaFayette county as "Fiddler Jord," a title which has been his for many years. He is a good fellow, full of the good and gracious motives of the world, and is never happier than when he has his old violin, several centuries old, under his chin.

A CRYSTAL WEDDING.

Memorable Society Event at Waldo, Which Many Friends Attended.

Waldo, March 13.—The pleasures of our spring and summer season began last week, with the most charming and enjoyable social event ever occurring in this place, being the reception given Saturday evening by Mr. and Mrs. Walter Sidney Lang in honor of their crystal wedding day.

The entire lower floor was beautifully decorated. Cut flowers and potted plants were arranged with great taste throughout the richly furnished home.

The hours were from 8 to 11, during which time the guests were delightfully entertained by music. Mr. W. Packham presided at the piano and gave several of his choicest selections, and also accompanied Rev. F. S. Hyatt with his many solos, which were indeed a very rare treat.

The parlor was beautifully decorated, the color scheme being green and white. A bank of potted ferns was conspicuously placed, while white roses were everywhere to be seen.

Elegant fruit punch, was served in the hall by Mrs. T. O. Kennard. Here the color scheme was red. A mound of lilies was in the rear of the hallway, and they were also suspended from the chandelier at the base of the stairs.

The dining-room, where the daintiest refreshments were served by Mrs. G. S. Granger, Mrs. L. C. Doane and Mrs. W. M. Hogan, was tastefully decorated. There the color scheme was pink and green; carnations were the flowers that adorned this room. A large and exceedingly handsome collection of cut glass was displayed in the pretty dining-room, each specimen being the gift of some friend.

Mrs. Lang wore a gown of white chiffon, and was assisted in receiving by Mrs. W. D. Seigler and Mrs. Blanche E Strickland.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

CATARRH PREPARES THE SYSTEM FOR CONSUMPTION

While Catarrh in its first stages usually affects the head, it does not stop there if the trouble is allowed to run on. The contracting of a cold is generally the commencement of the unpleasant symptoms of ringing noises in the ears, nose stopped up, mucus dropping back into the throat, hawking and spitting, etc. The inner skin or mucous membrane of the body becomes inflamed and secretes an unhealthy matter which is absorbed into the blood, and Catarrh becomes a serious and dangerous blood disease. Every day the blood becomes more heavily loaded with these poisonous secretions, and as the poisoned blood constantly passes through the lungs they become diseased, and often Catarrh terminates in Consumption. Sprays, washes, inhalations and such treatment do no real good, because they do not reach the poison-laden blood, where the real trouble lies. The only way to cure Catarrh is to purify and build up the blood. S. S. S. has been proven the remedy best suited for this purpose. It goes down to the very bottom of the trouble and removes every trace of impurity from the circulation, freshens this life stream and, as this healthy blood goes to every nook and corner of the system, Catarrh is driven out and a lasting cure made. The inflamed membranes and tissues heal, the secretions cease, the head is cleared and the entire system renovated and put in good condition by the use of S. S. S. Write for free book which contains valuable information about Catarrh and ask for any special medical advice you desire, without charge.

WEDNESDAY'S WORK AT THE CHAUTAUQUA

Hon. Champ Clark Delivered a Fine Address in the Afternoon.

OTHER CHAUTAUQUA NUMBERS

They Were the Same as Have Been Presented for the Past Few Days, But Were Interesting—Program for Today.

The Wednesday program of the Florida Winter Chautauqua was an interesting one, especially since it was characterized by the address of Hon. Champ Clark of Missouri, who is on a tour of the State, and entertained the Chautauqua with his worderful influential talk in the afternoon.

The Chautauqua opened as usual with the school of physical training in the morning at 9 o'clock, followed by Prof. Brown's Bible lecture. At 11 o'clock the school of health and cooking was again on, and in the afternoon at 3 o'clock Hon Champ Clark of Missouri, the great Democratic leader, one of the greatest men of America, made a fine address to a big crowd, notwithstanding that it was a very inconvenient hour. Mr. Clark is a man of great power, and his remarks, which were listened to by many of the leaders of this section, were well received.

There was a pow-wow of the Seton Indians at 4:30 o'clock, followed by a lecture, "Evangeline," by Dr. A. T. Kempton, Lunenburg, Mass., which was illustrated by matchless colored steroptican views, in the evening.

The program for today will be as follows:

School of physical education at 9 a. m.; Bible lecture at 10 a. m.; school of health and cooking at 11 a. m.; lecture, "A Casket of Gems," by Edward Everett Carr of Illionis at 3 p. m.; grand pow-wow of the Seton Indians at 4:30 p. m.; LaDelle Concert Company at 7:45 and a lecture, "Hiawatha," illustrated, by Dr. A. T. Kempton, at 8:30 o'clock in the evening.

A Big List.

Clerk J. Maxey Dell has just completed compiling his list of qualified voters, and informs The Sun that there are five hundred and thirty-nine qualified voters registered, which is the largest in several years.

This means that those interested have been hard at work, and there will be "something doing" in the coming election.

Tennessee Legislature Convenes.

Nashville, Tenn., March 13.—The Tennessee general assembly reconvened Tuesday afternoon after a recess of one month. Dreadnaught Behavior Not Good.

London, March 13.—According to the Chronicle, the official acounts of the Dreadnaught's behavior on her trip to Trinidad are not altogether supported by private letters. The engines worked well, but the heat in the engine room exceeded anything ever experienced by those on board the ship. Owing to the great size of the ship, her maneuvering qualities at slow speed was not equal to those of smaller ships. It is stated that the bigg battleship cannot keep her station with reciprocating ships at 20 knots and that for night maneuvers without lights in close formation the ship is out of the running.

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. KNOXVILLE SALOONS DEFEATED

Prohibitionists Carry the Election by a Very Large Vote.

Knoxville, Tenn., March 13.—Knoxville, by a majority of nearly 2,000 votes, decided that the saloons must go. Under a state law granting incorporated cities the right to say whether or not they desire saloons, an election was held as an expression of sentiment. The result was a majority of 1,931 for temperance. The legislature reconvened bill Tuesday following a recess when a bill was introduced abolishing the present charter and reincorporating without saloons. Six months' time will be given the saloons in which to close. The election was featured by memorable scenes, 5,000 women and children paraded the streets before the polls opened, and all during the day women worked at the poling places, requesting the men to cast their ballots for the temperance cause.

Weak Stomach Causes Sickness.

Different Symptoms That Result From Indigestion — How to Cure by Strengthening the Stomach.

If you have ever suffered with a weak stomach you must realize that the digestive system is to the body what the foundation is to the house—the base of support and strength.

Whatever hurts your stomach or lessens its power, hurts all other parts of the body and impairs their powers. If the stomach is weak and distressed, one organ after another will be involved until the heart, kidneys and liver are all distressed.

Get the stomach right and health will naturally come to the other organs. This explains why a good many people who have doctored for years for diseases of the heart, kidneys or liver, have at last been cured by Mi-o-na stomach tablets. They found to their astonishment and happiness that when the weak stomach was strengthened, their health returned, the heart became regular, the torpid liver active and the kidneys healthy.

Do not think we claim Mi-o-na is a "cure-all." It is not. It is a specific for all distresses of the stomach, and when it strengthens the stomach and cures indigestion, you will soon be well all over without further medicine.

Mi-o-na is sold only in 50c boxes, never in bulk. It is sold under an absolute guarantee by J. W. McCollum & Co. to refund money unless it cures.

He Had Lost on the Ponies.

New York, March 13.—Almost penniless, and with a book of race information in his hip pocket, an unidentified man leaped from the highest span of a high bridge late Monday. He was taken from the river alive, but died an hour later in a hospital. Hundreds of people in the vicinity at the time watched the spectacular leap. The bridge where the jump was made is 166 feet above the surface of the Harlem river, the gangs of men were at work on the rocks on the banks. Two of these men witnessed the plunge and, pulling out in a rowboat, picked the man from the freezing water.

SERMONETTES

BY J. MARVIN NICHOLS.

The best reformation in the world is the sort that begins by reforming ourselves, one by one.

There are those who would crucify the one nearest them in order to successfully play the role of a martyr for the friend in the distance.

The world will always be bitter for the woman who has once known love, protection, and material support, and has deliberately renounced them all.

Can you, in the presence of a man, speak of his merits with discretion? Can you, in his absence, speak of his faults in love? If so, you are a kingly spirit.

I would rather have a plain coffin without a flower, a funeral without an eulogy, than a life without the sweetness of love and sympathy—so said August Gast.

Two new phases of life loom into view in these latter days—Conspicuous Waste and Conspicuous Leisure. Both are built on blood and are bought with the price of souls.

The most successful in the social world rarely have tremendous talents. If they had, it is likely they would desert the social for either the artistic or the industrial world.

There are those whose lives are given over to conspicuous waste. They exist on the blood and bones of men and women who labor in the fields, and toil and sweat to provide for a riot of the senses that some miscall life.

The mission of a social queen, which begins when she is a debutante, is to study her little world. She must set it down, as a first principle, that the realm in which she moves is not half as anxious to have her shine as they are to shine themselves.

This old world leads every new-born child to the threshold from which are two divergent paths, leading into one of two social realms. The first begins with blue-blood and bank-account; the second, with in-born honor and a capacity for tremendous toil.

Stanley dreaded the poisoned arrows of the Wambutti dwarfs more than all other foes. Strange to say, they poisoned their arrows with a lotion extracted from honey. How true! Sorrows are the poisonous dregs that come from our sweetest pleasures.

Affection can never be wasted. When proffered to enrich the heart of another, if refused, it will return to the heart like a sweet, refreshing rain. There's infinite pathos in the tragedy of the heart. After all, it is the refusing heart that shrivels and turns to stone.

Character is that phase of life taken on by reason of the things we do. We are good or bad according as our every act gets color from the law to which each act is related. Character is the sum of the things we do. For that reason one is not good from the simple fact that he does nothing bad

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Constantine Acquitted.

Savannah, Ga., March 13.—A unique turn was given a murder case in the superior court Monday when the main witness for the state declared that the man on trial was not the man who had committed the killing. Sartorie Constantine was the defendant, and he was charged with the murder of Frank Patterson, a negro, who was killed in a fruit shop in which Constantine clerked. Joe Miller, a negro, surprised Solicitor General Osborne by stating that Constantine was not the man who shot Patterson, saying that Constantine did not even look anything like the man who did the shooting. The jury took only ten minutes to make up its verdict of not guilty.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. Gruesome Find at Pratt City.

Birmingham, Ala., March 13.—Pratt City, a suburb of Birmingham, is greatly excited as the result of a gruesome find near there. The body of an unknown man was discovered on the bank of a pond near the city wrapped in a blanket. Around the neck was a rope and the wrists were bound and the hands tied behind the body. The man's feet were also bound tightly together. When discovered by a party of employees at the mines one hand was protruding slightly from the folds of the blanket. The coroner was called and would not allow the body moved from the spot until a thorough examination had been made.

Young Girl Held for Murder.

Gadsden, Ala., March 13.—Bertie Talton, a 14-year-old girl, is in jail at this place, a verdict charging murder having been returned against her by the coroner's jury which has just investigated the death of E. H. West, a white miner. The girl says that West and Oscar Tune, another miner, tried to enter her mother's home, near Attalla, at a late hour at night, and were slowly shoving the door open when she poked a shotgun through the opening thus made and fired, killing West, whereupon she reloaded and fired at Tuner, who fled unhurt. She says the men were intoxicated, and she and her mother feared bodily harm.

New York, March 13.—When City Magistrate Whitman had heard the story of several detectives Monday he held William Leonard, 20 years old, a driver formerly employed by the Adams Express company, in $10,000 bail. The detectives arraigned Leonard on a short affidavit, but they told the court that when they had made a complete investigation they believed they would have evidence to charge the driver with the larceny of between $20,000 and $25,000 worth of goods. The method of operation was to collect merchandise for shipment and then deliver it to a confederate.

UNREDEEMED PROMISES.

The Congress, the session of which has just ended, was elected at the presidential election of 1904 and the Republican majority was the largest since the reconstruction period. The Republican national platform was supposed therefore to be its guide and the promises therein made to the voters were a contract which should have been faithfully carried out. The platform deliverance on the tariff said: "To a Republican Congress and a Republican President this great question can be safely intrusted." The voters took the party promise as meaning certain tariff revision, for at that time President Roosevelt was thought to be an ardent tariff reformer. But in spite of the prodding from Iowa, Massachusetts, Minnesota, Wisconsin, South Dakota and other States, neither the President nor the Republican majority in Congress undertook to even consider the "great question" with which they had been instrusted.

The Republican failure to revise the tariff resulted in the cutting down of the Republican majority one-half and the defeat of some of the most prominent standpat members at the election of 1906. It is one of the open political secrets that a compact was made between the President and the Speaker, as the representative of the standpat leaders, that the President was to fail to carry out the platform promise on the tariff which was intrusted to him, in return for aid in carrying out other policies that had not been mentioned.

Is any promise made in a Republican platform binding upon the Republican leaders? Senator Hanna declared in the Senate on the issue of admitting new States that it was not, if it was deemed impolitic to redeem the promise, and the attitude of President Roosevelt and the Republican leaders on the tariff, which in their platform they declared was "this great question," shows plainly that the voters cannot expect future promises to be redeemed, for past ones have not been. The fact is the Republican party leaders have been and are opportunists, ready at any time and all times to cast aside promises, or change front on any public question, if it is considered politically to their advantage to do so. Such is Republicanism with its standpat attachments and monopoly record and extravagance. Will the voters again trust it, is the question?

Connecticut's million dollar peach crop will be a total failure this year, according to an announcement by J. H. Hale, the largest grower in the State, who also owns orchards in Georgia and Delaware. Hundreds of buds have been examined by Mr. Hale from his Connecticut orchards and every one is dead. The mild winter of last November is said to have swelled the buds and the extreme cold that followed killed every vestige of growth. For several weeks the veteran Connecticut grower has been experimenting with slips from his trees trying to start the buds by keeping them in water in the hothouse. Not a bud has developed, showing that the crop is a total loss.

HOGS IN SUWANNEE.

Referring to a new industry in Suwannee county, The Live Oak Democrat says: "Good luck to Mr. Reid, the enterprising Georgia farmer who has come to Florida and invested in a farm in Suwannee county for the express purpose of breeding fine hogs and supplying hams for the Northern markets. Mr. Reid has discovered that a hog of good stock, fattened on our native acorns, makes a ham of exceptional excellence, superior even to the far-famed Smithfield hams of Virginia, and the wealthy classes in the large cities will pay fancy prices for such toothsome meat. We hope to live to see the day when the Florida razorback is an extinct species, dead and disappeared as completely as the dodo, and our native hog has ceased to be the butt of the coarse humor, irony and satire, even of the tramps who come among us from other climes. There's big money in hogs, good hogs, but not a cent in the razorback. That ridiculous and repulsive travesty on a respectable hog of good birth and breeding, who knows what a square meal is and gets at least one every day, will be a reproach to our civilization as long as we tolerate him, and we welcome such men as Mr. Reid who will help put him out of commission."

Mr. Cortelyou is now Secretary of the Treasury and his policy with the frenzied financiers will soon appear. It is a pity he could not see his way clear, before assuming this office, to have made restitution of the tainted Life Insurance contributions to the Roosevelt campaign fund. Even our immaculate President does not seem to be able to divorce his party from Wall Street corruption.

The late Republican Congress in its partisan meanness refused to appropriate the necessary money to pay for Democratic Oklahoma to hold the election to ratify the new constitution and elect officers. Well, the people of Oklahoma can stand it, but it will not add to the Republican vote thereabouts.

DOWN IN THE FIRE ROOM.

Raking the Ashes From the Furnace of an Ocean Liner.

My "watches," four hours long, began at 8 in the morning and at 4 in the afternoon. The rest of the time was mine excepting when it was my turn to carry water and help clean up the mess room.

The first descent into the fire room of an ocean liner is unforgettable. Going down that series of ladders into the bowels of the old Elbe, the heat seemed to jump 10 degrees a ladder. At last the final ladder was reached, and we were at the bottom—the bottom of everything was the thought in more minds than one that afternoon. The head fireman of our watch immediately called my attention to a poker, easily an inch and a half thick and twenty to thirty feet long. "Yours!" he screamed. "Yours!" And he threw open one of the ash doors of a furnace, pantomiming what I was to do with the poker. I dived for it madly, just barely raised it from the floor and got it started into the ashes and then dropped none too neatly on top of it. "Hurry up, you sow-pig!" the fireman yelled, and I struggled again with the terrible poker, finally managing to rake out the ashes.—Josiah Flynt in Success Magazine.

Don't Complain

If your chest pains you and you are unable to sleep because of a cough. Buy a bottle of Ballard's Horehound Syrup, and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J—, Galveston, Texas, writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

The Teeth.

The accumulation of tartar on the teeth makes them unsightly and is often the cause of a bad breath. If the teeth are properly brushed each day tartar will not have the chance to accumulate, but if it has already been allowed to do so it can be removed by a very simple treatment. Moisten the toothbrush in warm water and dip it into magnesia. Rub on the teeth, and after three applications the tartar will have entirely disappeared.

Clears the Complexion.

Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Orino is much superior to pills, aperient waters and all ordinary cathartics as it does not irritate the stomach and bowels. J. W. McCollum & Co.

His Clever Son.

The Dad—My son, I want to tell you that the secret of my success, as it must be of any man's, is hard work. I— The Son—Sh! Dad, I don't care to hear other people's secrets, and I am too much of a gentleman to take advantage of information gained that way. Say no more.—Cleveland Leader.

Where Life Is Dull.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by all druggists.

One Thing at a Time

"I can't afford to advertise on a large scale," said a merchant lately, "and with my varied stock I wouldn't know where to begin on a small scale."

It is a common fallacy that the advertising must cover the whole stock.

In point of fact it never does, even with the most lavish advertisers, and, if it did, the result would be a jumble of prolixity. The true policy is to select one article at a time—something moderately priced and meeting the want of the day—and push that at the people.—Philadelphia Record.

Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not disolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

Boy Killed Woman.

London, Ky., March 13.—Harvey Rowe, a four-year-old boy, shot and killed Mrs. Bettie Griffin with a 45-caliber revolver at Altamont, in this county. The woman, before she died, said the little boy loaded the revolver and said he was going out in the yard to shoot a chicken. When she protested against this, he turned on her saying: "Look out!" and fired. The ball passed through the right thigh and the woman bled to death. The boy is a son of William Rowe, a coal miner. Mrs. Griffin was the housekeeper for the Rowe family.
